Case No. 3:19-mc-05013-BHS

AMENDED ORDER RE:  
STIPULATED PETITION FOR ORDER  
TO ALLOW THE PERPETUATION OF  
TESTIMONY PURSUANT TO FRCP 27

18 **ORDER**

19 THIS MATTER comes before the Court on Petitioner Enumclaw Property and  
20 Casualty Insurance Company (hereinafter "Petitioner") Petition for Order to Allow the  
21 Perpetuation of Testimony pursuant to FRCP 27. The Court, having reviewed the  
22 Petition and any responses or replies thereto, and being otherwise fully advised, finds  
23 Petitioner has demonstrated there is probable cause and expects to be a party to an  
24 action cognizable in a Superior Court and cannot presently bring or cause to be  
25 brought the production of discovery documents which are time sensitive and may  
26 become otherwise unavailable, and that an Order allowing the discovery of

documents or things may prevent a failure or delay of justice.

**WHEREFORE, IT IS HEREBY ORDERED THAT:**

Within fourteen (14) calendar days from receipt of a copy of this Order, T-Mobile and CenturyLink shall disclose all connection logs, records and historical cellular site data for the account associated with the cell and land line phone numbers (253) 223-4182 and (253) 536-2188, for the period of time commencing at 12:01 a.m. Pacific Standard Time ("PST") on November 15, 2018, through 11:59 p.m. PST on November 22, 2018, to include the following information:

- a. Connection date and time;
- b. SMS and MMS communications (both incoming and outgoing);
- c. Telephone caller identification records; and
- d. Locations of cellular calls (historical cell site information) and cell site tower information.
